ppose that our enemies send 50,000 troops here, they will have to transport all that will be requisite to sustain them over one winter, for I will promise them before they come, that there shall not be one article of forage nor one mouthful of food for them should they come. They will have to bring all their provisions and forage, and though they start their teams with as heavy loads as they can draw, there is no team that can bring enough to sustain itself, to long to a country of which there can be no correct say nothing of the men. If there were no more men map—it grows so fast that surveyers can't keep up here than there is in the Seminole nation, our enemies never could use us up, but they could use up themselves, which they will do. The Seminoles, a little tribe of a few hundred in Florida, have cost our government, I suppose, in the neighborhood of \$100,000,000, and they are no nearer being con-

quered than when the war commenced.

It has been asked, "Have you counted the cost?"
Yes, for ourselves, but I cannot begin to count it for our enemies. It will cost them all they have in this world, and will land them in hell in the world to come, while the only trouble with us is that we have two or three times more men than we need for using up all who can come here to deprive us of our rights. is my faith and feeling that if we live as we ald live they cannot come here, but I am decided by opinion that if worse comes to worst and the permits them to come upon us, I will desolate whole territory before I will again submit to the sh corruption and bondage the wicked are strivto thrust upon us solely for our exercising our it of freedom of conscience.

BY JAMES J. JARVES, ESQ. THE UNDERSIGNED has received by the ship Eliza & Ella, from Boston, the following late publications, by Mr. Jarves, formerly of Honolulu: KIANA, A TALE OF HAWAII. This work is founded on one of the ancient traditions of the Hawniians, and illustrates their ancient customs and habits. It is dedicated by the Author to His Majesty Kamehameha IV.

THE UNDERSIGNED OFFER FOR SALE CALIFORNIA BRANDY, in assorted packages, and in quantity to suit purchasers. This Brandy is guaranteed to be a pure distillation of the juice of the Native Grape, and possessing in an eminent degree all the aroma and delicacy of flavor for which the California Grape is so highly renowned. Competent judges have pronounced the quality to be fully equal to the best French Brandy; and the Public are assured that not only the Wine from which this Brundy is made, but also the construction of the stills, and the whole modus operandi, are precisely the same as used in France; in fact, the principal distiller himself has been for many years foreman of a firm celebrated for their Brandies in Cognac. We trust that a discerning public will appreciate the importance of the introduction of CONFESSIONS OF AN INQUIRER; or, WHY "This is a resume of life experiences in the spheres of the affections, art and religion. Whatever judgment may be formed of the author's philosophy of life, no one will question the frankness of his confessions. The descriptive portion of society and manners in Polynesia, with particular reference to the great question of the capacity of the Indian and Negro races for Civilization and Christianity, is of particular interest."—Exchange.
